Where is IITA School ?

The school is situated within the campus of the International Institute of Tropical Agriculture in Ibadan, Nigeria. IITA is in an area of outstanding natural beauty covering 1000 hectares. This includes rain forest, lakes, recreational areas, and the research laboratories.

There is a fully equipped medical unit, water treatment plant, and power generators.

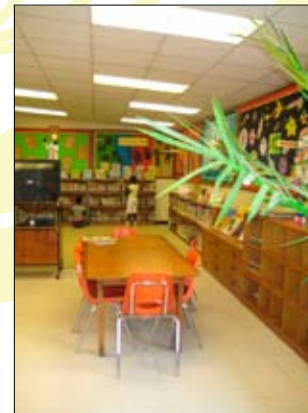

The campus provides a rich resource for children's learning.

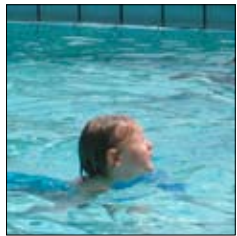

Information Technology at IITA School

The Information and Computer Technology within the school comprises of a suite of 8 PCs in the Computer Laboratory. Further to this, each classroom has its own computer and colour printer. The library is equipped with 3 PCs connected to the internet for children's research.

The Pre-School provides an ideal launchpad for our children. From the age of three they can start their school lives in a safe, caring environment here at IITA. Although an integral part of the school, the Nursery and the Pre-Kindergarten have their own play facilities in the school grounds.

The Pre-School

In addition there are facilities for golf, tennis, swimming, squash, and fishing. Within a bike ride there are opportunities for children to work and play in a safe, secure environment.

What is the School's Purpose ?

IITA School's purpose is to produce children who are confident, caring, and knowledgeable. We aim to nurture our children's natural curiosity so that they become lifelong learners.
